MEMORANDUM FOR: Director of Security  
FROM: Director of Central Intelligence  
SUBJECT: Book About Boyce-Lee Case

At the Business Council meeting this past weekend, I was talking with Rube Mettler of TRW. He indicated that there is a new book coming out about Boyce-Lee which concerns him. He understood that I had been briefed on it. I don't have any such recollection. Do we have any particular interest or concerns with this book?
